

# BUSINESS ANALYTICS, TESTAMUR MAJOR (T130)

Western Sydney University Major Code: T130

Previous Code: MT2041.1

Available to students in other Western Sydney University programs?

No

Generating and communicating information and insight from increasingly diverse and growing sources of data for business decision-making is a crucial asset for any organisation. Starting with a framework for applying the tools of business analytics, this major develops a blend of skills from mathematics, statistics and computing. Students will acquire knowledge and understanding in the continually developing areas of artificial intelligence, data visualisation and applications of big data.
