Commencement Year 2017 to 2020 - 1843.1 Bachelor of Graphic Design (Pathway to Teaching Secondary) (<http://handbook.westernsydney.edu.au/hbook/course.aspx?course=1843.1>)

The Bachelor of Graphic Design (Pathway to Teaching Secondary) is a three-year degree specially designed to lead into the Master of Teaching (Secondary), an accredited postgraduate teaching qualification. Together, the two degrees provide direct access to a teaching career and improved prospects for career advancement.

With an emphasis on studio-based practice, you will study areas such as image design, typography, layout design, branding, design history, research methods, and web-based design. From year two, you will develop a focus on digital design, photography, and graphics technology, enabling you to develop two teaching disciplines, Design & Technology and Graphics & Multimedia Technology. In year three you will also study an Education Studies minor, where you will gain an understanding of contemporary education issues, teaching and learning. As well as being equipped with the necessary elements of an initial teacher qualification, you will be prepared for professional graphic design practice and associated alternate employment opportunities in design. Students who complete this degree will gain 40 credit points of advanced standing towards the first semester of the Master of Teaching (Secondary) (<https://hbook.westernsydney.edu.au/archives/2023-2024/programs/master-teaching-secondary/>).

For further information concerning the requirements for secondary teaching, students are advised to consult the Subject Content Requirements for Primary and Secondary Teaching NSW (Abridged) from the NSW Educational Standards Authority (NESA) or the School of Education.
