Art therapy is an individual, family, group and/or community practice in which participants engage in visual art processes within a psychotherapeutic relationship with a highly trained art therapy practitioner. Art therapy is internationally recognised as a valuable therapeutic approach to a wide range of psychological, social and physical issues. The Master of Art Therapy is a clinical training program that equips graduates with theoretical knowledge and practical experience for work in a variety of contexts including government and community organisations, health care settings and private practice. The Graduate Diploma in Art Therapy and Graduate Certificate in Art Therapy are available as an exit point only.

Early Exits
