Description This subject provides students with the opportunity to visit and learn about the legal cultures and systems applied in Australia's nearest northern neighbour and a gateway to Asia – Indonesia. The Study Tour provides students with an introduction to Indonesia's rich tapestry of cultural, religious, legal and political issues. This subject is taught intensively, and students will visit an array of law and governance sites from transnational law firms in Jakarta to religious boarding schools in Yogyakarta and sultan's palaces in Surakarta, which are all pivotal to governance arrangements in Indonesia but in very different ways.
