**Coordinator** Alex Workman ([https://directory.westernsydney.edu.au/search/name/Alex Workman/](https://directory.westernsydney.edu.au/search/name/Alex%20Workman/))

**Description** This subject introduces skills for understanding and engaging effectively with the culturally and socially diverse world in which we live and work. Indigenous Australia is a major theme and students will gain an appreciation of the achievements and needs of Indigenous Australians. The subject examines cultural safety more broadly and puts these issues in the context of health professionals working in multi-cultural settings and handling culturally different health philosophies and practices. Cultural diversity is increasingly recognised as a major issue in the delivery of health care and a major determinant of Indigenous health.

**School** Health Sciences

**Discipline** Public Health, Not Elsewhere Classified.
