

ACCT 7018 INTRODUCTORY ACCOUNTING

Credit Points 10

Legacy Code 200396

Coordinator Yongqing Li ([https://directory.westernsydney.edu.au/search/name/Yongqing Li/](https://directory.westernsydney.edu.au/search/name/Yongqing%20Li/))

Description The aim of this subject is to provide a comprehensive introduction to contemporary financial accounting. This is an essential component in the understanding of the production and use of accounting information in business. This subject applies accounting concepts, standards and principles enabling students to be competent in the technical skills in accounting which is a fundamental tool for making economic decisions and for analysing and solving business problems. Students learn to apply such concepts, standards and principles through a range of individual and collaborative means using a blended learning design that draws on current and future trends in the broad international context.
