

HLTH 1003 INTRODUCTION TO PARAMEDICINE

Credit Points 10

Legacy Code 401066

Coordinator Rachael Vella ([https://directory.westernsydney.edu.au/search/name/Rachael Vella/](https://directory.westernsydney.edu.au/search/name/Rachael%20Vella/))

Description This subject introduces students to the paramedic profession and its scope of practice in Australia. It includes exploration of the roles and responsibilities of paramedics in the context of the changing health environment. Ethical issues and relevant legal and regulatory requirements will also be discussed. Students will be introduced to the key concepts of paramedicine and to the complexity of normal development and its relationship to the processes of health science.

Level Undergraduate Level 1 subject

Restrictions

Students must be enrolled in 4669 Bachelor of Health Science (Paramedicine).

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Describe paramedicine with respect to its purpose, role and contribution to health care
2. Apply basic communication skills to communicate effectively with the client, peers and academic staff and prepare reports
3. Employ critical reflection skills in paramedic contexts
4. Practice paramedicine in a safe and ethical manner
5. Describe the regulatory requirements for paramedicine in Australia and apply them to case scenarios
6. Analyse case scenarios for typical paramedic interventions

Subject Content

1. The scope and practice of pre-hospital care and paramedicine
2. The roles and responsibilities of paramedics
3. The history, culture, organisational structure, policies and procedures of Ambulance Services
4. Communication and reporting in paramedicine and related competencies
5. Critical reflection in paramedicine
6. Groups served by paramedics and their special needs
7. Ethics and regulatory requirements in paramedicine
8. Future directions for paramedicine

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are

regularly updated, where there is a difference your Learning Guide takes precedence.

Type	Length	Percent	Threshold	Individual/ Group Task
Reflection	1 x 400 words (10%) 1 x 600 words (20%)	30	N	Individual
Presentation	10 mins	30	N	Individual
Final Exam	1 hour	40	N	Individual
