

HUMN 0021 UNDERSTANDING THE SOCIAL SCIENCES (WSTC PREP)

Credit Points 10

Legacy Code 700234

Coordinator Mona Shrestha ([https://directory.westernsydney.edu.au/search/name/Mona Shrestha/](https://directory.westernsydney.edu.au/search/name/Mona%20Shrestha/))

Description The subject is designed to introduce students to the scientific basis of the social sciences, its basic research methodologies, and the impact social science has on social policy, social justice, and social change. The subject is also intended to provide students with an understanding of key disciplines that comprise the social sciences in order that students can make an informed choice about majors and sub-majors when they progress to a Bachelor degree. The subject will also provide students with an opportunity to acquire and apply basic research and digital literacy skills.

School Western Sydney The College

Discipline Studies in Human Society, Not Elsewhere Classified.

Student Contribution Band HECS Band 4 10cp

Check your fees via the Fees (https://www.westernsydney.edu.au/currentstudents/current_students/fees/) page.

Level Undergraduate Level 0 Preparatory subject

Restrictions

Students must be enrolled at Western Sydney University, The College.

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Define the social sciences and their impact on society.
2. Compare and contrast key disciplines within the social sciences.
3. Apply problem-solving and basic research skills.
4. Demonstrate an understanding of key majors within a social science degree and career outcomes.
5. Present research both orally and using digital technologies.
6. Communicate writing and referencing skills appropriate to an academic environment.

Subject Content

1. What do we mean by the social sciences?
2. What impact do the social sciences have on social policy, social justice, and social change?
3. How do the main disciplines within the social sciences relate to, and differ from, each other?
4. Problem-solving using a social science approach.
5. Basic research methods within the social sciences.
6. Investigating further studies in the social sciences and related fields.
