

LAWS 3086 MANAGING LEGAL RISK IN CONSTRUCTION LAW

Credit Points 10

Coordinator Joshua Saunders ([https://directory.westernsydney.edu.au/search/name/Joshua Saunders/](https://directory.westernsydney.edu.au/search/name/Joshua%20Saunders/))

Description This subject introduces students to legal risks related to construction processes and processes for risk mitigation. Students will examine the liabilities and responsibilities of various parties in construction contracts and different types of dispute avoidance, management and resolution mechanisms. Students will engage with subject-matter specialists to enhance their learning experiences in this subject.
