

PERF 7003 MUSIC THERAPY METHOD

Credit Points 10

Legacy Code 100910

Coordinator Allison Fuller ([https://directory.westernsydney.edu.au/search/name/Allison Fuller/](https://directory.westernsydney.edu.au/search/name/Allison%20Fuller/))

Description In 2023, this subject replaced by PERF 6001 - Music Therapy Foundations & Approaches. Music Therapy Method provides a background to the historical development and theoretical underpinnings of music therapy, with focus on a broad range of music therapy approaches and orientations including Culture-Centred Music Therapy and Nordoff-Robbins Music Therapy. Human development through the lifespan is studied, along with an overview of disability and disorders. The fundamental principles of self-care and supervision for music therapy practitioners and students are introduced within this subject and continued in later subjects of the Master of Creative Music Therapy course.

Students must be enrolled in 1650 Master of Creative Music Therapy.

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Create professional presentations, use critical thinking skills, and engage in active learning methods within the music therapy context.
2. Describe the historical development of music therapy as a profession and demonstrate an understanding of the role of the Australian Music Therapy Association (AMTA).
3. Describe and explain the main tenets of at least 3 music therapy approaches/orientations.
4. Evaluate relevant therapeutic and educational theories in relation to the cognitive, physical, social, emotional and spiritual domains of the person in relation to music therapy practice.
5. Identify key issues relating to people with a disability in Australia and how this affects the delivery of music therapy.
6. Articulate the fundamental principles of self-care and supervision for music therapy practitioners and students.
