Description This subject is the second of two final clinical placement subjects in the Year 4 of the program. This subject aims to facilitate the transition from student to occupational therapy practitioner by allowing students to consolidate academic knowledge and practice skills in preparation for becoming a competent beginning practitioner. Students will be expected to actively participate in assessment, analysis, goal setting, intervention and evaluation under the supervision of an occupational therapist. Students will complete practice hours in accordance with World Federation of Occupational Therapy accreditation guidelines. This subject also emphasises career planning and preparation for entering the professional world as an occupational therapist.
