

LEARNER WELLBEING, TESTAMUR MAJOR (T137)

Effective from: 2022
Western Sydney University Major Code: T137

Available to students in other Western Sydney University programs?
No

The Master of Education, Learner Wellbeing testamur major is designed to expand the knowledge, skills, and capacities of professionals working within educational settings to enable learners to be healthy, happy, engaged and successful. Students will critically examine what constitutes, promotes, and sustains learner wellbeing within an educational context from a multidisciplinary, strengths-based perspective. Informed by a whole school and person-centred approach, students will engage in problem solving, and apply pedagogical knowledge to identify and respond to learner mental health needs, and to improve wellbeing and connectedness within educational contexts.
