

# MASTER OF PRIMARY HEALTH CARE (4694)

Western Sydney University Program Code: 4694

AQF Level: 9

## CRICOS code:

This program applies to students who commenced in 2024 or later.

Students should follow the program structure for the session start date relevant to the year they commenced.

This program aims to provide the opportunity for health, and other professionals with primary health care responsibilities to gain knowledge and understanding of primary health care that will enable leadership in this field. The program provides a focus on the knowledge and behaviour required to be a primary health care provider in a changing community environment. Opportunities will be provided for students to undertake in-depth study into aspects of primary health care that are relevant to their specific areas of work/practice.

## Study Mode

One year full-time or two years part-time.

## Program Advice

Professor Kath Peters

Candidature for admission to the **Master of Primary Health Care** is based on the following requirements:

Completion of an undergraduate degree in health, biological or behavioural science (equivalent to AQF level 7) or higher

And

Two (2) years of full time equivalent clinical experience.

Applicants who have undertaken studies overseas may have to provide proof of proficiency in English. Local and International applicants who are applying through the Universities Admissions Centre (UAC) will find details of minimum English proficiency requirements and acceptable proof on the UAC website. Local applicants applying directly to WSU should also use the information provided on the UAC website.

<http://www.uac.edu.au/>

Overseas qualifications must be deemed by the Australian Education International - National Office of Overseas Skills Recognition (AEI-NOOSR) to be equivalent to Australian qualifications in order to be considered by UAC and WSU.

Qualification for this award requires the successful completion of 80 credit points including the subjects listed below.
