

COMPLEMENTARY THERAPIES (CMPL)

CMPL 1001 Traditional Chinese Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl1001/>) **Legacy Code:** 400346

This subject provides a comprehensive introduction to traditional Chinese medicine (TCM). Students are introduced to basic TCM theory, and the physiological principles of the diagnostic system that forms the basis of TCM practice. The history and philosophy of Chinese medicine is introduced and discussed in the light of contemporary clinical practice.

Level: Undergraduate Level 1 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 1002 Traditional Chinese Medicine 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl1002/>) **Legacy Code:** 400348

This subject provides learning experiences that enable students to expand upon their understanding of TCM philosophy and principles, with particular reference to developing diagnostic skills in TCM. Students acquire basic skills in case history taking, interpretation of relevant signs and symptoms, arriving at a TCM diagnosis, and devising suitable treatment strategies. The subject also covers basic Chinese language including Pin Yin and Romanisation to enable students to apply TCM terminology as part of clinical practice.

Level: Undergraduate Level 1 subject

Pre-requisite(s): CMPL 1001

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 2002 Channels and Points 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl2002/>) **Legacy Code:** 400874

Acupuncture is one of the principal therapeutic interventions in Traditional Chinese Medicine (TCM). This subject introduces students to acupuncture theory and practice, and provides opportunity to develop practical skills. It covers the theory of channels and points, channel pathway, point location and indications of the conception and governor vessels, and the first 6 channels in the meridian cycle. This subject also expands upon the student's understanding of TCM theory and practice principles. This subject includes a minimum of 20 practicum hours at UniClinic.

Level: Undergraduate Level 2 subject

Pre-requisite(s): CMPL 1002

Co-requisite(s): CMPL 2006

Equivalent Subjects: LGYA 7238 - Acupuncture 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 2003 Channels and Points 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl2003/>) **Legacy Code:** 400875

Acupuncture is one of the principal therapeutic interventions in Traditional Chinese Medicine (TCM). This subject completes the study of the system of channels and points, which forms the basis of clinical application of acupuncture. It covers the channel pathway, point location and indications of the last 6 channels of the meridian cycle and the extra points. It also reinforces the student's ability to identify and palpate surface anatomy relevant to identifying the acupuncture point locations covered in this subject and relevant safe administration of needling. This subject expands the student's understanding of TCM theory and practice principles. This subject includes mandatory clinical placement. As an indication, this subject includes a minimum of 20 practicum hours at UniClinic, and 24 practicum hours at an external clinic.

Level: Undergraduate Level 2 subject

Pre-requisite(s): CMPL 2006 AND

CMPL 2002

Equivalent Subjects: LGYA 7238 - Acupuncture 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 2004 Chinese Materia Medica 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl2004/>) **Legacy Code:** 400876

Herbal medicine is one of the principal therapeutic interventions in Traditional Chinese Medicine. This subject introduces students to the therapeutic and reference organisation of Chinese medicinal herbs, and enables students to commence using the materia medica. It covers the commonly used herbs in each of the six categories of the Chinese materia medica, including the herbal properties, actions, indications, contraindications, combined usage as well as herbal dispensing. This subject also expands upon the student's understanding of TCM theory and practice principles. This subject includes a minimum of 20 practicum hours at UniClinic.

Level: Undergraduate Level 2 subject

Pre-requisite(s): CMPL 1002

Co-requisite(s): CMPL 2006

Equivalent Subjects: LGYA 7239 - Chinese Herbal Medicine 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 2005 Chinese Materia Medica 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl2005/>) **Legacy Code:** 400877

This subject completes the study of Chinese medicinal herbs, which forms the basis for Chinese herbal medicine. It covers the commonly used herbs in each of the twelve categories of the Chinese materia medica, including the herbal properties, actions, indications, contraindications and combined usage. It also introduces the basic knowledge of herbal pharmacognosy. This subject also expands upon the student's understanding of Traditional Chinese Medicine theory and practice principles. As an indication, this subject includes a minimum of 20 practicum hours at UniClinic, and 24 practicum hours at an external clinic.

Level: Undergraduate Level 2 subject

Pre-requisite(s): CMPL 1002 AND

CMPL 2004

Equivalent Subjects: LGYA 7240 - Chinese Herbal Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 2006 Traditional Chinese Medicine 3 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl2006/>) **Legacy Code:** 400352

This subject enables students to develop a sound understanding of causes of disease in TCM with a particular focus on TCM disease pattern differentiation. Students will be able to identify the clinical manifestations relating to specific patterns and develop the appropriate TCM treatment principles. This is complemented by the reinforcement of skills in case history taking and TCM diagnostics.

Level: Undergraduate Level 2 subject

Pre-requisite(s): CMPL 1002

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 3001 Acupuncture Techniques (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl3001/>) **Legacy Code:** 400873

This subject consolidates and extends students' knowledge of acupuncture theory and practice, and provides further opportunity to develop practical skills. Students are introduced to the theory of point combinations and the development of acupuncture prescriptions and treatment plans. Practical sessions include obtaining Qi (De Qi), promoting Qi techniques, tonifying and reducing needling techniques, moxibustion, cupping, Gua Sha, Tuina, intradermal/cutaneous needling, scalp acupuncture, auricular acupuncture, wrist/ankle acupuncture, electroacupuncture and laser acupuncture. This subject also expands upon the student's understanding of the theory and practice principles of traditional Chinese medicine.

Level: Undergraduate Level 3 subject

Pre-requisite(s): CMPL 2003 AND

CMPL 2006

Equivalent Subjects: CMPL 2001 - Acupuncture 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 3002 Chinese Medicinal Formulas (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl3002/>) **Legacy Code:** 400878

Herbal medicine is the principal therapeutic intervention in Traditional Chinese Medicine (TCM). This subject follows from Chinese Materia Medica 1 & 2, and begins the study of major Chinese herbal formulas, which form the basis for clinical prescribing in Chinese herbal medicine. The focus of this subject is to compare and contrast the main formulas in specified categories, and to analyse the specific actions of the herbs that make up the formula. Students will be required to formulate, assemble and prepare complex prescriptions. This subject expands upon the student's knowledge of the Chinese Materia Medica, as well as the understanding of TCM theory and practice principles.

Level: Undergraduate Level 3 subject

Pre-requisite(s): CMPL 2006 AND

CMPL 2005

Equivalent Subjects: LGYA 7240 - Chinese Herbal Medicine 3

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 3003 Traditional Chinese Medicine Practice 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl3003/>) **Legacy Code:** 400354

This subject is focused on introductory clinical practice in a clinical setting. It enables the students to link theory with practice. It expands the students' knowledge base of Chinese medicine theory and diagnosis, and the application of acupuncture and Chinese herbal medicine treatment. Students assist with clinical practice, take consultations, and perform basic acupuncture related techniques. Students will also learn basic skills in handling herbal preparation and dispensing. This subject includes mandatory clinical placement

Level: Undergraduate Level 3 subject

Pre-requisite(s): CMPL 2006

Co-requisite(s): CMPL 3001 AND

CMPL 3002

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 3004 Traditional Chinese Medicine Practice 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl3004/>) **Legacy Code:** 400356

This subject focuses on the application of Traditional Chinese Medicine (TCM) knowledge and skills within a clinical environment. Through work-integrated experiential learning, students will conduct physical examinations, interpret clinical signs and laboratory findings, and demonstrate competency in diagnosis, treatment planning, acupuncture, and herbal prescribing. The subject also includes the preparation and processing of medicinal substances (Pao Zhi), as well as safe dispensing practices. Students will develop clinical management skills in patient consultation, record-keeping, and communication, and will formulate culturally responsive, patient-centred treatment strategies based on TCM principles. Clinical risk evaluation and adherence to safety protocols are integral components of this subject.

Level: Undergraduate Level 3 subject

Pre-requisite(s): CMPL 3003

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4001 Block Clinical Practicum (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4001/>) **Legacy Code:** 401104

This subject provides the student with intensive, supervised clinical practice experience. Arrangements are usually made for students to complete this stage in China. Students who are unable to undertake the training in China are provided with an opportunity in Australia as an alternative. The subject represents the final clinical practicum stage with an opportunity in developing clinical skills. Students will be expected to demonstrate competence in handling patients in a clinical context, and manage their integrated care using TCM. In addition to the standard university enrolment fee, tuition fees will apply for training delivered at the designated overseas institute.

Level: Undergraduate Level 4 subject

Incompatible Subjects: CMPL 7002 - Block Clinical Practicum (PG) AND LGYA 7257 - Block Clinical Practicum

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4002 Chinese Internal Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4002/>) **Legacy Code:** 401098

The study of internal medicine forms the basis of clinical practice in Traditional Chinese Medicine (TCM). This subject begins to bridge the gap between theory and practice. It enables the health professional to analyse, diagnose and treat common internal diseases with both acupuncture and herbal medicine and using a TCM approach. The focus of this subject is on the analysis of major presenting symptoms.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 2006 AND
CMPL 3001 AND
CMPL 3002

Incompatible Subjects: 400918 - Chinese Internal Medicine 1 (PG) LGYA 7251 - Chinese Internal Medicine 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4003 Chinese Internal Medicine 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4003/>) **Legacy Code:** 401102

This subject builds on Chinese Medicine 1 and extends the student's ability to analyse, diagnose and treat common and difficult diseases in internal medicine with both acupuncture and herbal medicine and using a TCM approach. Students will develop an understanding of the causes and pathophysiological mechanisms of a wide range of diseases.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 2006 AND
CMPL 3001 AND
CMPL 3002

Incompatible Subjects: CMPL 7004 - Chinese Internal Medicine 2 (PG) AND LGYA 7251 - Chinese Internal Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4004 Classical Texts in Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4004/>) **Legacy Code:** 401100

This subject provides further learning experiences that enable the students to explore the original theories on physiology, pathology, diagnosis, differentiation and treatment of diseases through select periods of Chinese history. Many theoretical concepts, diagnostic systems and therapeutic methods of Traditional Chinese Medicine (TCM) are still in current usage, and will be covered through the study of important classical texts and academic schools of TCM thought. This subject expands upon the student's understanding of TCM theories and practice principles through studies of the classical literature.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 2006 AND
CMPL 3002

Incompatible Subjects: CMPL 7006 - Classical Texts in Chinese Medicine (PG)

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4005 Specialities in Traditional Chinese Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4005/>) **Legacy Code:** 401099

This subject provides learning experiences that enable the health professional to analyse, diagnose and treat common gynaecological diseases and musculoskeletal conditions using a Traditional Chinese Medicine (TCM) approach with acupuncture and Chinese herbal medicine. Students will develop a good understanding of the causes and pathophysiological mechanisms of common gynaecological diseases and musculoskeletal conditions.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 2006 AND
CMPL 3001 AND
CMPL 3002

Incompatible Subjects: CMPL 7021 - Specialties in Traditional Chinese Medicine Practice 1 (PG) LGYA 7248 - Specialties in Traditional Chinese Medicine 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4006 Specialities in Traditional Chinese Medicine 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4006/>) **Legacy Code:** 401103

The specialties of paediatrics, dermatology, ear, nose, throat (ENT) and eye diseases, are important divisions of Traditional Chinese Medicine (TCM) activity. This subject enables students to develop an understanding of the aetiology and pathophysiology of common paediatric, dermatological, ENT and eye disorders, and to analyse, diagnose and treat these conditions using acupuncture and Chinese herbal medicine.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 2006 AND
CMPL 3001 AND
CMPL 3002

Incompatible Subjects: CMPL 7022 - Specialties in Traditional Chinese Medicine 2 (PG) LGYA 7259 - Specialties in Traditional Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4007 Traditional Chinese Medicine Practice 3 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4007/>) **Legacy Code:** 401101

This subject represents a continuation of the clinical practicum and development of clinical skills in relation to patient management and TCM health preservation and enhancement, including lifestyle, diet and physical exercise. Students will also be able to apply their knowledge of professional theory, practice, research and evaluation skills to the investigation of TCM problem. Students will be expected to demonstrate competence in handling patients in a clinical context, synthesise knowledge from their studies of specialties in Traditional Chinese Medicine and critically examine the practical aspects of acupuncture and Chinese herbal medicine research. This subject includes mandatory clinical placement

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 3004

Incompatible Subjects: CMPL 7023 - TCM Practice 3 (PG) AND LGYA 7249 - TCM Practice 3

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 4008 Traditional Chinese Medicine Practice 4 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl4008/>) **Legacy Code:** 401105

This subject represents a continuation of the clinical practicum and development of clinical skills. Students will integrate theoretical knowledge, practical and research skills, learnt in previous units, into clinical practice, including in: case investigation; diagnosis; formulation of treatment strategies; and the delivery of treatments to patients. Students will learn to act ethically in professional contexts. Students are expected to demonstrate professional competence in handling patients in a clinical context, critically evaluating complex cases, diagnosing, devising and managing the patients using TCM therapies.

Level: Undergraduate Level 4 subject

Pre-requisite(s): CMPL 4007

Incompatible Subjects: CMPL 7024 - TCM Practice 4 (PG) AND LGYA 7255 - TCM Practice 4

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7001 Advanced Acupuncture (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7001/>) **Legacy Code:** 400578

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7002 Block Clinical Practicum (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7002/>) **Legacy Code:** 400927

This subject provides the student with intensive, supervised clinical practice experience. Arrangements will be made for students to complete this stage in China. This will involve students paying their own travel fares, as well as, training and accommodation fees to the Chinese institution. This subject represents the final clinical practicum stage and development of clinical skills. Students will be expected to demonstrate competence in handling patients in a clinical context, and manage their integrated care using TCM.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7257 - Block Clinical Practicum

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7003 Chinese Internal Medicine 1 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7003/>) **Legacy Code:** 400918

The study of internal medicine forms the basis of clinical practice in traditional Chinese medicine. This subject begins to bridge the gap between theory and practice. It enables the health professional to analyse, diagnose and treat common internal diseases with both acupuncture and herbal medicine and using a TCM approach. The focus of this subject is on the analysis of major presenting symptoms.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7246 - Chinese Internal Medicine

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7004 Chinese Internal Medicine 2 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7004/>) **Legacy Code:** 400922

This subject builds on Chinese Medicine 1 and extends the students ability to analyse, diagnose and treat common and difficult diseases in internal medicine with both acupuncture and herbal medicine and using a Traditional Chinese Medicine approach. Students will develop an understanding of the causes and pathophysiological mechanisms of a wide range of diseases.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7251 - Chinese Internal Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7005 Chronic and Complex Disorders in Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7005/>) **Legacy Code:** 401137

This subject will enable practitioners to extend their clinical reasoning skills to chronic and complex conditions seen in contemporary Chinese Medicine clinical practice. The subject will analyse specific cases and conditions which present a range of complex and contradictory signs and symptoms making diagnosis and treatment challenging. Senior practitioners of both acupuncture and Chinese herbal medicine will present their own clinical experience and assist students to understand their diagnostic and treatment processes.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: NATS 7005 - Chinese Medicine Specialties AND CMPL 7011 - Dermatology in Chinese Medicine

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7006 Classical Texts in Chinese Medicine (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7006/>) **Legacy Code:** 400969

This subject provides further learning experiences that enable the students to explore the original theories on physiology, pathology, diagnosis, differentiation and treatment of diseases through select periods of Chinese history. Many theoretical concepts, diagnostic systems and therapeutic methods of Traditional Chinese Medicine (TCM) are still in current usage, and will be covered through the study of important classical texts and academic schools of TCM thought. This subject expands upon the students understanding of TCM theories and practice principles through studies of the classical literature.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7244 - Classical Texts in Chinese Medicine

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7007 Clinical Application of Classical Chinese Herbal Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7007/>) **Legacy Code:** 401130

This subject presents the origin, development and features of classical Chinese herbal medicine (Jing Fang), and reveals their pharmacological and clinical outcomes based on the latest clinical observation and research. This subject will appeal to practitioners seeking to extend and deepen their knowledge and clinical skills with Chinese herbs and to students embarking on research in this area. The classical texts contain deep insights on Chinese herbs and formulae for a range of conditions. Selective herbal formulae from the Treatise on Cold Pathogenic Diseases (Shanghan Lun) and the Synopsis of Golden Chamber (Jingui Yaolue) are explored in depth to demonstrate the clinical applications.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7008 Clinical Applications of Classical Acupuncture (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7008/>) **Legacy Code:** 401131

This subject presents the origin, development and features of classical acupuncture and reveals the clinical outcomes based on the latest clinical observation and research. This subject will appeal to practitioners seeking to extend and deepen their knowledge and clinical skills with traditional acupuncture and to practitioners embarking on research in this area. Ancient acupuncture theories and techniques will be taught with a focus on their application to contemporary practice based on latest research and on the different theoretical approaches in the design of acupuncture point prescriptions.

Level: Postgraduate Coursework Level 7 subject

Equivalent Subjects: CMPL 7001 - Advanced Acupuncture

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7009 Clinical Oncology and Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7009/>) **Legacy Code:** 401136

This subject is focused on the clinical application of Chinese herbal medicine (CHM) and acupuncture in the management of cancer. Today, cancer is one of the leading causes of death and disease burden. Survival rates for many types of cancer have improved in recent years and long-term survival challenges accepted practices in cancer care and management. This subject explores application of Chinese medicine to the management of cancer, through the ancient wisdom in the classic literature recourses and contemporary clinical practice and research. The subject addresses the commonly used strategies, approaches and roles of Chinese medicine at different stages of cancer as well as the use of Chinese medicine as a supplementary therapy for common types of cancer.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7010 Clinical Placement (20 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7010/>) **Legacy Code:** 401133

This subject provides four weeks of full-time (or part-time equivalent) clinical placement with a choice of clinical training in the defined specialty areas (women's health, musculoskeletal health, mental and neurological disorders, oncology, or chronic and complex diseases). The clinical placement is with experienced specialist practitioners provided in conjunction with the Beijing University of Chinese Medicine in China or by an approved alternative arrangement with the student and limited by available opportunities.

Level: Postgraduate Coursework Level 7 subject

Pre-requisite(s): CMPL 7025 OR

CMPL 7016 OR

CMPL 7009 OR

CMPL 7005

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7011 Dermatology in Chinese Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7011/>) **Legacy Code:** 400572

This subject along with Dermatology in Chinese Medicine 2 will enable practitioners to develop an in-depth understanding of Traditional Chinese Medicine (TCM) diagnosis and management of a wide range of skin diseases using acupuncture and Chinese herbal medicine.

This subject includes orthodox medical diagnosis and management of common skin disorders and the integration of this with TCM theory, diagnosis and management. Dermatology in Chinese Medicine 1 and 2 together provide a strong specialist clinical focus on the management of skin disorders with Chinese medicine.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7012 Evidence Based Practice in Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7012/>) **Legacy Code:** 401129

This subject will introduce and develop the concepts and principles of evidence-based practice as applied to Traditional Chinese Medicine (TCM) and explore specific aspects of research development.

Furthermore, this subject will focus on the clinical applications of such research-based evidence and highlight integrative methods combining TCM and biomedical diagnostics and disease management. Students will gain an understanding of the complexities, practicality, and applied methodologies used in research to establish the validity and reliability of TCM theories, diagnostics and interventional techniques in addition to the appropriateness of various outcome measures for research and clinical practice. This subject will provide students with a practical skillset designed to facilitate location, evaluation, integration, and application of scientific research evidence in clinical practice whilst also preparing students for development of research proposals in subsequent subjects such as Research Protocol Design & Practice.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: CMPL 7013 - Evidence Based Practice in Chinese Medicine 1 CMPL 7014 - Evidence Based Practice in Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7013 Evidence Based Practice in Chinese Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7013/>) **Legacy Code:** 400567

This subject will provide the student with the opportunity to develop the skills necessary to search, understand and critically appraise scientific literature related to Chinese medicine. Basic research methods will be introduced sufficient to support the student through this subject.

This subject will introduce and develop concepts and principles of evidence-based practice applied to Chinese medicine and explore specific research developments in Chinese medicine.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7014 Evidence Based Practice in Chinese Medicine 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7014/>) **Legacy Code:** 400568

This subject will focus on the integration of Traditional Chinese Medicine (TCM) and Western medicine in the diagnosis and management of disease. A significant focus of this subject will be on the interpretation and integration of medical diagnostic tests with TCM diagnosis, and will include an examination of the research that attempts to validate TCM theory and diagnostic techniques. Students will learn how to integrate and prioritise clinical information and undertake the development of a research proposal.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7015 Mental and Neurological Disorders and Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7015/>) **Legacy Code:** 401135

This subject will enable practitioners to extend their understanding of Chinese Medicine management of a range of mental health conditions and neurological disorders. The clinical focus is on the Chinese Medicine diagnosis and management of these disorders and integration with the orthodox biomedical approaches to disorders that are common in the community. Chinese Medicine treatment will focus on acupuncture and Chinese herbal medicine treatments. Students will learn to apply Chinese Medicine's unique understanding and contribution to the rehabilitation of those who have suffered from disabling psychological/psychiatric and neurological diseases.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: NATS 7036 - Mental Health in Chinese Medicine NATS 7038 - Neurological Disorders in Chinese Medicine

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7016 Musculoskeletal Health in Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7016/>) **Legacy Code:** 401134

This subject will enable practitioners to develop an in-depth understanding of the diagnosis and management of musculoskeletal conditions with acupuncture and Chinese herbal medicine. This subject presents a systematic approach to the assessment of musculoskeletal disorders using Traditional Chinese Medicine (TCM), the application of specific medical tests and includes a focus on common musculoskeletal disorders, sports injuries and rehabilitation. Musculoskeletal Health in Chinese Medicine provides a strong specialist clinical focus on the management of musculoskeletal health disorders with acupuncture and Chinese herbal medicine.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: CMPL 7017 - Musculoskeletal Health in Chinese Medicine 1 CMPL 7018 - Musculoskeletal Health in Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7019 Pharmacology of Chinese Medicines (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7019/>) **Legacy Code:** 400569

This subject will introduce the student to the pharmacology and toxicology of Chinese herbal medicine. The subject will cover the pharmacological principles of Chinese herbal medicines and identify basic active constituents that contribute to the actions of Chinese herbal medicines. This subject will also introduce safety and toxicology of herbal medicines including mechanisms and measurement of toxicity, known potential adverse reactions of commonly used Chinese herbs, known potential interactions with Western pharmaceuticals and management of adverse events.

Level: Postgraduate Coursework Level 7 subject

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7020 Research Project and Thesis (60 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7020/>) **Legacy Code:** 401138

This is a 60 credit point year-long subject taken over two terms (30 credit points in each term). This subject requires students to complete a substantial piece of independent research in Chinese Medicine including research planning, study design, data collection, analysis and interpretation. Dissertation projects are developed in consultation with staff who possess similar research interests and relevant research experience. Students may wish to submit their work for examination in a form suitable for publication in the peer-reviewed literature (with supplementary material as appropriate).

Level: Postgraduate Coursework Level 7 subject

Pre-requisite(s): CMPL 7012 AND

PUBH 7016 OR

HLTH 7008

Co-requisite(s): AGEN 7005

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7021 Specialities in Traditional Chinese Medicine 1 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7021/>) **Legacy Code:** 400919

This subject provides learning experiences that enable the health professional to analyse, diagnose and treat common gynaecological diseases and musculoskeletal conditions using a TCM approach with acupuncture and Chinese herbal medicine. Students will develop a good understanding of the causes and pathophysiological mechanisms of common gynaecological diseases and musculoskeletal conditions.

Level: Postgraduate Coursework Level 7 subject

Co-requisite(s): CMPL 7003

Incompatible Subjects: LGYA 7248 - Specialities in Traditional Chinese Medicine

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7022 Specialities in Traditional Chinese Medicine 2 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7022/>) **Legacy Code:** 400923

The specialties of pediatrics, dermatology, ear, nose, throat (ENT) and eye diseases, are important divisions of TCM activity. This subject enables students to develop an understanding of the aetiology and pathophysiology of common paediatric, dermatological, ENT and eye disorders, and to analyze, diagnose and treat these conditions using acupuncture and Chinese herbal medicine.

Level: Postgraduate Coursework Level 7 subject

Pre-requisite(s): CMPL 7003

Incompatible Subjects: LGYA 7259 - Specialities in Traditional Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7023 Traditional Chinese Medicine Practice 3 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7023/>) **Legacy Code:** 400920

This subject represents a continuation of the clinical practicum and development of clinical skills. Students will also be able to apply their knowledge of professional theory, practice, research and evaluation skills to the investigation of Traditional Chinese Medicine (TCM) problems. Students will be expected to demonstrate competence in handling patients in a clinical context, synthesise knowledge from their studies of specialties in TCM and critically examine the practical aspects of acupuncture and Chinese herbal medicine research. Students will also learn basic knowledge of health preservation and enhancement including lifestyle, diet and physical exercise.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7249 - Traditional Chinese Medicine Practice (Research Project)

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7024 Traditional Chinese Medicine Practice 4 (PG) (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7024/>) **Legacy Code:** 400924

This subject represents a continuation of the clinical practicum and development of clinical skills. Students will be able to integrate their theoretical knowledge, practice skills and research base to the investigation, diagnosis and supervised treatment of patients in a clinical context. Students will be able to synthesise knowledge and competency in the practice of clinical areas of focus taught in Chinese Medicine I and II, and Specialities in TCM I and II. Students will be expected to demonstrate professional competence in handling patients in a clinical context, diagnosing more complex cases and devising and managing the integrated care of patients using TCM.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: LGYA 7255 - Traditional Chinese Medicine Practice 4

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7025 Women's Health in Chinese Medicine (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7025/>) **Legacy Code:** 401132

This subject will enable practitioners to extend their understanding of Chinese Medicine management of a range of women's health conditions. The clinical focus of this subject is on the integration of Chinese Medicine and conventional therapies in the treatment of disorders of the menstrual cycle, obstetric disorders, fertility, menopause and breast disease.

Level: Postgraduate Coursework Level 7 subject

Incompatible Subjects: CMPL 7026 - Women's Health in Chinese Medicine 1 AND CMPL 7027 - Women's Health in Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7026 Women's Health in Chinese Medicine 1 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7026/>) **Legacy Code:** 400570

This subject enables practitioners to extend their understanding of a range of gynaecological and obstetric disorders and to diagnose and treat these using acupuncture and patent herbal medicines. The clinical focus of this subject is on the integration of Traditional Chinese Medicine (TCM) in the treatment of disorders of the menstrual cycle, obstetric disorders, menopause and breast disease.

Level: Postgraduate Coursework Level 7 subject

Equivalent Subjects: CMPL 7026 - Women's Health in Chinese Medicine 1

Restrictions: Please see the Subject Details page for any restrictions for this subject

CMPL 7027 Women's Health in Chinese Medicine 2 (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/cmpl7027/>) **Legacy Code:** 400571

This subject enables practitioners to extend their understanding of a range of gynaecological and obstetric disorders and to diagnose and treat these primarily using Chinese herbal medicine. The clinical focus of this subject is on the integration of Traditional Chinese Medicine (TCM) in the treatment of complex disorders of the menstrual cycle, infertility, obstetric disorders, menopause, pelvic and breast disease.

Level: Postgraduate Coursework Level 7 subject

Equivalent Subjects: CMPL 7027 - Women's Health in Chinese Medicine 2

Restrictions: Please see the Subject Details page for any restrictions for this subject
