

OTHER MANAGEMENT AND COMMERCE (MGMT)

MGMT 1001 Introduction to Property (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt1001/>) **Legacy Code:** 200601

Introduction to Property comprises six main topic areas. The first section covers the various professions within the property industry with particular emphasis on the valuation profession. The second section covers land law and legal concepts concerning property. The third section addresses issues in property development controls and planning. The fourth section concentrates on the areas of academic and industry report writing. This section also addresses the areas of academic study, lecture procedures and examination technique. The fifth section covers topics in relation to residential valuation and introduces methodologies for valuing more advanced properties as well as the skills required for collecting data for valuation purposes. The sixth section introduces students to mathematics required for later valuation units.

MGMT 1003 Introduction to Property and PropTech (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt1003/>)

This subject provides students with an introduction to the property profession. Students will explore key legal property concepts, such as land law, land title, and types of ownership. Town planning and development controls are also addressed, which enable students to apply the "highest and best use" concepts in property valuation. Residential valuation is introduced, along with methods for valuing more advanced properties. In addition to the incorporation of ESG in property valuation, the subject also integrates new developments in PropTech and AI applications, highlighting the emerging technologies currently reshaping the industry.

Level: Undergraduate Level 1 subject

Equivalent Subjects: MGMT 1001

MGMT 3002 Rural Valuation (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt3002/>) **Legacy Code:** 200605

To provide students with a full understanding of rural land/property valuation procedures and techniques. This includes being aware of those factors, inherent and external, that need to be taken into account when assessing different types of rural property holdings. To be aware of those environmental factors that affect rural land productivity, sustainability and end value.

Level: Undergraduate Level 3 subject

Equivalent Subjects: LGYC 1567 - Rural Valuation

Restrictions: Please see the Subject Details page for any restrictions for this subject

MGMT 3003 Specialised Valuation (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt3003/>) **Legacy Code:** 200876

The value of special premises constitutes an important segment of valuation practice in Australia. A number of special valuation considerations arise in the appraisal of this class of premises. However, the most compelling reason for studying the valuation of special premises is the fact that these classes of property provide an ideal vehicle whereby valuation principles and methods of valuation can be critically evaluated by students.

Level: Undergraduate Level 3 subject

Equivalent Subjects: LGYC 1566 Valuation of Special Premises MGMT 3005 Valuation of Special Premises

MGMT 3006 Property Analysis Project (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt3006/>)

Property Analysis Project is the integrating capstone subject, which brings together the skills that property students have developed during the program in preparing high quality professional property industry reports. The subject enables students to critically evaluate issues in the property industry to determine and assess potential property industry implications as well as conduct a feasibility study using an appropriate property software. In developing a property case study and then producing a professional standard report, students are supported in their application of the range of analytical methods and tools they have developed across their program.

Level: Undergraduate Level 3 subject

MGMT 7003 Financial Management of Projects (10 Credit Points)

Subject Details (<https://hbook.westernsydney.edu.au/subject-details/mgmt7003/>) **Legacy Code:** 301194

Projects are always unique and their processes are always subject to elements of uncertainty and change. The skill of project management professionals in securing the best return for their organisation's efforts is thus held in great value. This subject is concerned with financial aspects of project management from both theoretical and practical perspectives. The aim is to explain how financial management tasks are carried out in the context of projects as well as stimulate students' reflection on best practice in project financial management.
