

# ACCT 7002 ACCOUNTING PROFESSIONAL ENGAGEMENT

**Credit Points** 10

**Legacy Code** 200693

**Coordinator** Dorothea Bowyer ([https://directory.westernsydney.edu.au/search/name/Dorothea Bowyer/](https://directory.westernsydney.edu.au/search/name/Dorothea%20Bowyer/))

**Description** This subject aims to provide students with a 'hands on' flexible and practical work integrated learning experience in the Accounting degree. This subject focuses on the role that accountants play in the effective management of businesses. Appropriate accounting research methods are used to investigate and report on problems and "real" case studies involving a wide range of business related issues. This is mainly done through working as groups on projects as accountants do when they engage with clients and entrepreneurs as professional consultants.

**School** Business

**Discipline** Accounting

**Student Contribution Band** HECS Band 4 10cp

Check your fees via the Fees ([https://www.westernsydney.edu.au/currentstudents/current\\_students/fees/](https://www.westernsydney.edu.au/currentstudents/current_students/fees/)) page.

**Level** Postgraduate Coursework Level 7 subject

**Pre-requisite(s)** ACCT 7005

## Restrictions

Students must be enrolled in a postgraduate Business program. Students wishing to take this subject as an elective need approval from the program Advisor.

## Assumed Knowledge

Knowledge of accounting principles, practices and relevant theoretical background.

## Learning Outcomes

On successful completion of this subject, students should be able to:

1. Outline the kinds of problems encountered by local businesses/ organisations (for example, small and medium enterprises (SMEs), government or not for profit organisations) and the symptoms that will be apparent in their accounts;
2. Analyse and solve various business problems using appropriate accounting research methods and case study approaches;
3. Develop financial and strategic plans for small business;
4. Extend report writing and verbal communication skills;
5. Develop a foundation of ethical thinking in commercial engagements;
6. Demonstrate an understanding of the responsibilities accountants as consultants have in business;
7. Develop a comprehensive business plan or analyse a takeover, change management proposal, or the implementation of a new business process or system.
8. Analyse a business problem encountered by businesses/ organisations government or not for profit organisation, and its impact on stakeholders;
9. Apply appropriate accounting research methods and tools to solve problems;
10. Use appropriate communication methods, verbal and written, to convey information;
11. Work productively in groups (in the role of a consultant) to solve and report on a business problem;
12. Tender for a project and construct curriculum vitae appropriate to a project tender;
13. Present project findings to an audience of peers or industry professionals.
