

# LANG 0053 COMMUNICATION SKILLS FOR HEALTH SCIENCE 2 (WSTC)

**Credit Points** 10

**Legacy Code** 900678

**Coordinator** Lyneene Orsini ([https://directory.westernsydney.edu.au/search/name/Lyneene Orsini/](https://directory.westernsydney.edu.au/search/name/Lyneene%20Orsini/))

**Description** This subject is designed to improve the English language skills of Health Science and Nursing students through dynamic and engaging teaching methodology. The subject further develops foundational skills students possess and introduces critical analysis. The use of authentic genres and writing techniques common in Academic writing in the fields of Health Science and Nursing lead to the improvement of critical literacy skills related to spoken and written genres which are typical in the Health Science and Nursing professions.

**School** Western Sydney The College

**Discipline** English Language

**Student Contribution Band** HECS Band 1 10cp

## Restrictions

This subject is only available to College students enrolled in the Undergraduate Preparation Programs.

## Learning Outcomes

On successful completion of this subject, students should be able to:

1. Demonstrate an ability to critically read, summarise, analyse, synthesise and make meaning from academic and industry-related texts in Nursing.
2. Cite and reference arguments and evidence using the conventions of academic research.
3. Produce well-structured, logical, coherent and cohesive responses to writing tasks using appropriate academic language structures.
4. Demonstrate an ability to communicate orally in formal context, including appropriate selection of material, clear organisation and effective presentation.
5. Work effectively in a small group learning environment.

## Subject Content

1. Academic and professional communication in the field of Nursing
2. Academic writing skills: developing and applying features of academic and professional language
3. Academic reading skills: identifying, highlighting and applying key ideas, arguments and evidence
4. Academic writing skills: utilising various research techniques
5. Academic Integrity: the importance and application of referencing, citation and paraphrasing
6. Academic writing skills: summarising, paraphrasing, synthesising
7. Academic writing skills: the report writing process including the achievement of coherence and cohesion
8. Critical thinking for academic and professional work within the Nursing field
9. Oral Presentation skills: language and presentation techniques for presentations
