

PUBH 2006 CULTURE, DIVERSITY AND HEALTH (WSTC)

Credit Points 10

Legacy Code 700072

Coordinator Dane Couter (<https://directory.westernsydney.edu.au/search/name/Dane Couter/>)

Description This subject introduces skills for understanding and engaging effectively with the culturally and socially diverse world in which we live and work. Indigenous Australia is a major theme and students will gain an appreciation of the achievements and needs of Indigenous Australians. The subject examines cultural safety more broadly and puts these issues in the context of health professionals working in multi-cultural settings and handling culturally different health philosophies and practices. Cultural diversity is increasingly recognised as a major issue in the delivery of health care and a major determinant of Indigenous health.

School Health Sciences

Discipline Public Health, Not Elsewhere Classified.
