

COMM 1043

COMMUNICATION IN HEALTH

(UG CERT)

Credit Points 10

Legacy Code 500055

Coordinator Mia Hatzistergos ([https://directory.westernsydney.edu.au/search/name/Mia Hatzistergos/](https://directory.westernsydney.edu.au/search/name/Mia%20Hatzistergos/))

Description Communication is integral to professional relationships, whether working individually with a client, educating community members on health matters, or working with other professionals as part of a multidisciplinary team. This subject aims to develop written and verbal communication skills in preparation for work within the health professions across these areas. Communication skills will include those needed to form therapeutic relationships with individual clients and groups, as well as those required to communicate health information to clients, groups and the wider community. Students will develop skills to establish appropriate working relationships with professional colleagues.
