

MEDI 7062 PELVIC FLOOR SURGERY

Credit Points 10

Legacy Code 401316

Coordinator Harry Merkur ([https://directory.westernsydney.edu.au/search/name/Harry Merkur/](https://directory.westernsydney.edu.au/search/name/Harry%20Merkur/))

Description This is an alternate subject in Year 2 of the Master of Surgery (Advanced Gynaecological Surgery) course. This subject provides the student with in depth knowledge of procedures to treat pelvic floor disorders. The performance of Pelvic Floor Surgery and the ability to avoid complications is paramount in order to produce a safe environment for the patient. This subject will allow the student to explore and critically appraise various aspects of Pelvic Floor Surgery and utilise the evidence in the literature to support any conclusions made.

School Medicine

Discipline Obstetrics and Gynaecology

Student Contribution Band HECS Band 3 10cp

Check your fees via the Fees (https://www.westernsydney.edu.au/currentstudents/current_students/fees/) page.

Level Postgraduate Coursework Level 7 subject

Pre-requisite(s) MEDI 7046

Equivalent Subjects MEDI 7024 Pelvic Floor Function and Dysfunction

Restrictions

Students must be enrolled in 4770 Master of Surgery (Advanced Gynaecological Surgery) or 4690 Master of Surgery in Advanced Gynaecological Surgery

Assumed Knowledge

All students are expected to have a knowledge base commensurate with a level of an Advanced Trainee or Specialist in Obstetrics & Gynaecology (RANZCOG or other accredited college) and satisfactory completion of the Graduate Diploma in Advanced Gynaecological Surgery [i.e., Year 1 of the Master of Surgery (Advanced Gynaecological Surgery) program].

Learning Outcomes

On successful completion of this subject, students should be able to:

1. Review surgical principles involved in performing Pelvic Floor Surgery, particularly focusing on minimally invasive techniques
2. Effectively diagnose and manage complications related to Pelvic Floor Surgery
3. Assess factors responsible for prolapse and urinary incontinence
4. Evaluate procedures used to avoid and treat recurrence
5. Critically appraise the literature to improve clinical judgment and surgical competency
6. Reflect on theoretical and practical aspects of Pelvic Floor Surgery to enhance professional practice

Subject Content

1.Surgical principles of Pelvic Floor Surgery, particularly focusing on minimally invasive techniques

- 2.Surgical techniques used at Pelvic Floor Surgery to prevent complications.
- 3.Procedures used in prolapse and urinary incontinence
- 4.Literature review on prolapse and urinary incontinence procedures

Assessment

The following table summarises the standard assessment tasks for this subject. Please note this is a guide only. Assessment tasks are regularly updated, where there is a difference your Learning Guide takes precedence.

Type	Length	Percent	Threshold	Individual/ Group Task	Mandatory
Report	Total 5,000 words: 1 a. Literature Review 4,000 words (SLOs 1, 3, 4); 1 b. Reflection ~ 1,000 words (SLOs 2, 5, 6)	100	N	Individual	Y
